EDUCATION

Swami Keshvanand Institute of Technology Management & Gramothan

2023 – 2027

B.Tech in Computer Science Engineering (AI) | CGPA: 8.1

Jaipur, Rajasthan

EXPERIENCE

Full Stack Developer Intern – Cynbit Technologies

Jun 2025 – Jul 2025

Full Stack Development

Remote

- Engineered and deployed RESTful APIs processing 1K+ requests with optimized CRUD workflows reducing backend latency by 30%.
- Architected reusable React.js components reducing duplicate frontend code across 15+ application pages.
- Optimized responsive Tailwind CSS interfaces improving mobile responsiveness and cross-device UI consistency.

Frontend Developer – College Fest Website

2025

React.js Frontend Development

Remote

- Redesigned the complete UI of the college fest website using React.js improving responsiveness and design consistency.
- Developed reusable frontend components enhancing user experience and improving maintainability.
- Optimized layouts and styling for modern responsive web design across multiple screen sizes.

PROJECTS

AI-CREATOR | *MERN, Clerk, Convex, ImageKit*

GitHub

- Built a full-stack AI-powered content generation platform supporting SEO-ready blog creation and editing workflows.
- Integrated AI-driven content enhancement and ImageKit optimization reducing media delivery latency by 25%.
- Implemented secure authentication, creator profiles, likes, and comments using Clerk and Convex architecture.

Quick Chat | *React.js, Node.js, MongoDB, Socket.io*

GitHub

- Developed a real-time chat application supporting 10+ concurrent users using React.js, Node.js, MongoDB, and Socket.io.
- Improved frontend rendering performance by 40% through optimized state management and component rendering.
- Designed scalable backend socket architecture supporting 100+ simultaneous connections with reduced latency.

Scoobi | *React.js, Gemini UI Clone*

GitHub

- Developed a Gemini-inspired chatbot frontend clone using React.js and reusable component architecture.
- Implemented responsive UI workflows improving user interaction consistency across desktop and mobile devices.

TECHNICAL SKILLS

Languages: Java, JavaScript, HTML, CSS

Frontend: React.js, Tailwind CSS, Bootstrap

Backend: Node.js, Express.js, MongoDB, REST APIs

Developer Tools: Git, GitHub, VS Code, Postman

Core Concepts: DSA, OOPs, DBMS, Computer Networks

Development: MERN Stack Development, API Integration, Responsive Web Development

ACHIEVEMENTS

Smart India Hackathon 2025 – First Round Qualifier

- Selected among 100+ participants for developing a responsive problem-solving web platform.

Full Stack Development Certification

- Completed MERN stack development training covering frontend, backend, APIs, and database integration.
